

STAY ONE STEP AHEAD OF LOAD-SHEDDING

YOUR GO-TO GUIDE TO THE ESKOM POWER CUTS

HOW LOAD-SHEDDING WORKS

According to Eskom, South Africa will face load-shedding throughout February, March, and beyond. To help you plan for the power cuts that we all face, here is the updated schedule. Follow the steps below to find out when there will be load-shedding in your area.

STEP 1: Know your area number. Use the map to find this or for a more detailed map go to www.capetown.gov.za

STEP 2: Know the load-shedding stage. Go to www.capetown.gov.za, [Facebook.com/CityofCT](https://www.facebook.com/CityofCT) or [Twitter.com/CityofCT](https://twitter.com/CityofCT) to find out if we are currently in Stage 1 or 2 or 3a or 3b

STEP 3: Now refer to the corresponding stage schedule. Areas 1-16 see reverse. Areas 17-23 go to www.loadshedding.eskom.co.za

Tip: Write down the area numbers for your home, work, school and family locations.

STEP 4: Know the date. Refer to the stage schedule to find out at what time your area may be affected by load-shedding.
